MOOD LAMP

07 février 2015 | Design, Home & Office, par Mr K (boss)

Tags : Annarosa Romano, Bruno Menegon, ceiling lamp, lamp, lampe, ModoLuce, mood lamp

Créé par les designers Annarosa Romano et Bruno Menegon pour l'éditeur de luminaires **ModoLuce**, coup de coeur pour la jolie « Mood Lamp », un superbe plafonnier à la fois sculptural et léger visuellement.

Description originale

A harmonious rhythm of proportions defines the family Mood, suspension and wall/ceiling lamps with a strong decorative impact. Lights and shadows calibrated to build light and coloured discs in different diameters, alternating original materials and refined hand finished pleated fabric and the large central half-spherical shade in opal PMMA finishing Soft Touch.

The result is a marriage parfait between art and design: restful light to the eyes set in the bright and energetic colour combinations of the lamp shade. Materials – Shade in 100% acrylic pleated fabric or 100% polyester pleated ribbon hand-finished. Central half-spherical shade in thermoformed opal PMMA finishing Soft Touch
